JOISTS SEEM TO BE LOST

NEW SCHOOL BUILDING WORK AT STANDSTILL UNTIL THEY ARRIVE.

SEVEN CARLOADS WERE SHIPPED TEN DAYS AGO

SCHOOL BOARD HOLDS CALLED MEETING TUESDAY, JULY 16.

Toilet Connection and Heating Arrangements for the New Structures.

Work upon the two new school buildings is at a standstill at present and prospects are that conditions will remain unchanged for some few days, as the wooden joists, ordered from down in Mississippi, seem to have been lost during transit and cannot be located, although officials of every road between here and the point of shipment are looking for the material. They will doubtless be found in a day or two.

There are seven carloads of the joists and they were forwarded to this city about ten days ago. The two buildings have the brick walls up to about six feet above the ground, and as the joists are the next thing to be installed, their arrival has to be awaited before anything further can be done.

Contractor Wm. Lockwood yesterday said that he would have the new structure finished in plenty of time for the schools that open next fall.

President Joseph E. Potter of the board of trustees has called a special meeting for Tuesday evening, July 16, at which time a number of questions will come up for consideration. One will be to award the contract to some retail local dealer to furnish fuel for the coming twelve months to the school buildings of the city. It takes many thousands of bushels of coal to heat the structure during the cold period, and the trustees have called for bids from the dealers.

The committee on sanitation will have in its report at this coming session, the document to show what is needed in the shape of heating apparatus and water closet connections at the new building on North Twelfth street and on Twelfth and Jackson streets. Apparatus of this nature will have to be installed and the committee is to get bids from the plumbers showing what it will cost to put these conveniences in. The committee will also report regarding toilet connections for the McKinley building in Mechanicsburg.

President Potter stated yesterday that the board is spending a lot of money this year, but they will have to commence going slow with their expenditures in order not to turn up with a big deficit on hand the end of this year. The contracts for work in contemplation will take many thousands of dollars, but the president will point out to the other trustees the necessity of economy in order to have balanced books when the last of this year arrives.

ARTICLES OF INCORPORATION

THREE LINK BUILDING COMPANY FILED DOCUMENTS YESTERDAY.

County Court Will Be Convened Tomorrow Morning by Judge Lightfoot at Courthouse.

The incorporating articles for "The Three Link Building Company" were filed yesterday with the county clerk, the incorporators being Eli G. Boone, Charles G. Kelly and Turner Anderson, all of whom took three shares of stock each. The concern capitalizes at \$13,000 and is allowed to contract indebtedness amounting to \$35,000. Ingleside lodge of Odd Fellows took 51 shares, Mangum lodge 51 shares and Union Encampment 24 shares, the shares being valued at \$100 each. The company is composed of the Odd Fellow lodges exclusively, and owns the Fifth and Kentucky avenue school property they bought.

Irene Gardner executed a deed correcting a former indenture in which she had transferred Rowlandtown property to Agnes Leech. The document was filed with the county clerk.

Agnes Leech sold to F. M. McGlashery for \$1 and other considerations property in Rowlandtown.

Hattie L. Sherrill sold to H. L. McNeill for \$800 land in the county.

Marriage licenses were issued to Charles L. Puffer and Hannah E. Wilkoff; Ernest Fox and Nonia Campbell.

J. D. Overstreet transferred his state liquor license to Thomas Broyles.

The county court will be convened tomorrow morning by Judge Lightfoot to probate wills, look into road questions, make settlements and transact other business.

In the quarterly court yesterday afternoon the jury tried the suit of Steve Allen against R. C. Potter. Potter showed that Allen took the land away from him and the jury returned a verdict in favor of the defendant.

SON-IN-LAW'S RECORD VIEWED

MR. J. L. TYPEN OF ABILENE, TEXAS, HERE FOR THAT PURPOSE.

Claims that Former Paducah Lad is in Jail at That Place on Grand Larceny Charge.

Mr. J. L. Typen, of Abilene, Texas, returned home yesterday after coming here to look into the record of R. S. Bordeaux, who married the former's step-daughter. Mr. Typen said young Bordeaux was in jail at Abilene on the charge of stealing a typewriter and four bales of cotton. The father-in-law found a record that did not please him here.

Bordeaux is the son of J. S. Bordeaux, who several years ago started the People's Home Purchasing company of this city. The company went "ker-funk" busted, and Bordeaux was indicted in the United States court. He fled before the officers could get him, his son going along. Mr. Typen says the Bordeauxs came to Abilene, the younger made good in society and married Typen's step-daughter. The typewriter charge was lodged and the young fellow skipped, but was caught at New Orleans and taken back to Abilene.

Bordeaux married the girl only a few weeks ago, and the theft charge was lodged ten days ago. It has been two years since the Bordeauxs lingered around Paducah.

STABLE AND CONTENTS.
Fire Destroyed Stable, One Buggy and One Scurry, Last Night.

Fire destroyed the stable in rear of Mr. Eli G. Boone's residence on South Sixth street last evening at 9:30 o'clock, also burning a buggy and a scurry. The loss will amount to about \$600, covered with insurance. It is not known how the blaze started, as there are no servant's rooms in the building, which was a frame. It made an immense blaze and threatened surrounding property for a while, but the firemen subdued the flames and confined them to the stable. Much feed stuff went up in smoke also. The several horses inside were saved.

NEGRO FACED DEATH TWICE

WM. LIGHTFOOT, COLORED, GETS HIS LIBERTY AT MEMPHIS.

IS NEGRO WHO WAS ARRESTED IN PADUCAH

ATTORNEY GENERAL GETS COURT TO FILE AWAY THE CHARGES.

Lightfoot Was Twice Sentenced to Be Hanged, But Supreme Court Reversed Sentences.

William Lightfoot, the negro who was arrested in Paducah and who twice faced death by being sentenced to hang, will now be a free man within the next few days, according to Memphis dispatches reaching this city yesterday, the messages saying that Attorney-General Yerger had asked the judge to file away the papers and release Lightfoot.

Lightfoot worked for the I. C. railroad at Jackson, Tenn., and not being on hand when the pay car visited that city, he did not get his money, but he went to Memphis and there got aboard a freight train bound for Paducah to overtake the car and get his wages. On the same train Roy Sloan, white, was riding, being en route from Mississippi to Elizabethtown, Ky., to visit his relatives. Lightfoot fell in with Sloan who was a young fellow, and the morning following the night that the train passed Woodstock, Tenn., the dead body of Sloan was found beside the track.

Lightfoot was suspected, traced to Paducah and arrested at the I. C. pay car in the yards here as he was entering the door to draw his pay check. He was taken charge of by Special Policeman Dick Tolbert of the yard forces, assisted by Detective McCumsey. Lightfoot was taken back to Memphis, twice convicted, and twice ordered hanged, but the supreme court set it aside. Attorney General Yerger helped prosecute Lightfoot, while Lawyer David Cross, helped defend the darky. City Jailor Thomas Everts, Lieutenant Thomas Potter, Sergeant Emile Gourieux and others of Paducah were witnesses in the case.

The Memphis dispatches stated yesterday: "Upon the recommendation of Attorney-General Yerger, the case of the state against William Lightfoot was retired in the first criminal court yesterday afternoon. In making the recommendation, Gen. Yerger stated to the court that he felt that this was the only course he could take in the case, owing to the fact that the supreme court appeared to be of the opinion that the evidence presented at all trials of the case was not sufficient to sustain the verdicts of juries which had tried the case."

"It is evident, Your Honor, that the supreme court would not sustain another verdict in this case upon the evidence which we have adduced. They have twice reversed the case because they really believed the evidence to be insufficient to support the verdict. This case has been tried three times in this court, the trials lasting from ten to forty-one days. On two of these trials the defendant has been convicted of murder. As charged in the indictment and sentenced to be hanged, the third hearing resulted in a mistrial."

"As you know both verdicts have been reversed by the supreme court, and in the light of this fact and the further fact that I, after making every effort during the past two months, have found it absolutely impossible to get the material witnesses for the state here, I am compelled to ask you to let the case take its course and order the discharge of the defendant from jail upon his own recognizance."

"This action means that Lightfoot will be turned loose in the next twenty-four hours, and that he may or may not be called to trial a fourth time for the offense with which he is charged. Some of the material witnesses in the case live in New Jersey, some in Georgia and some in other states, and as no provision is made by Tennessee statutes for paying witnesses for time lost from work or mileage from any point outside the state, it is impossible to get them here."

"In the trials, in which he was convicted, he was prosecuted by Gen. David A. Frayser, at that time assistant attorney-general, and in the third trial Gen. Frayser assisted At-

NICHI NICHI REFERS TO THE FEELING IN THIS COUNTRY.

Greatest Mistake Ever Made By White Man Was the Anglo-Japanese Alliance.

Manila, July 6.—The reported naval activity is causing excitement in the Philippines. Leading Filipino independent organizations have announced that they side with the Americans against the Japanese. All the Japanese laborers employed in the navy yard at Olangapo have been discharged.

REACHES HYSTERICAL STAGE

Japanese Say Americans Are Alarm-ed Over Threatened Boycott.

Tokio, July 6.—The Nichi-Nichi in a leader tomorrow will say: "The American feeling toward Japan appears to have reached almost a hysterical stage in their apprehension that the resolution adopted by the Japanese Chamber of Commerce is an intention to boycott American goods. An explanation of such attitude may be sought in their own fear regarding the final outcome of the San Francisco affair. A complete solution of the question without leaving the least element of difference between the two countries is a pressing necessity."

Conversations with those whose opinions are worth attention follow exactly in the same line.

GRAVE MISTAKE.

Emperor William Still Sore on the Anglo-Japanese Alliance.

London, July 6.—Dispatches from Copenhagen state that the Kaiser, who is visiting this city, spoke sharply of Japan when that nation was mentioned in his presence. He earnestly declared, it is said, that the greatest mistake ever made by the white man was the Anglo-Japanese alliance. He said that Europeans were acting most foolishly in allowing yellow race to copy all their methods and learn all their secrets.

RECORD SMASHED.

Thermometer Went to 99 Degrees in the Shade Yesterday.

Yesterday the record was again broken by Old Sol, whose rays shed down onto earth warmth sufficient to push the mercury up to 99 degrees in the shade. This was the hottest thus far the present summer, according to the government observer, Wm. Borneman, whose official thermometer pointed to that figure. The next hottest was Friday, when it went a 98 degrees, while the next before that was ten days ago when it reached 93 degrees.

Indications are for a continuance of the oppressive weather.

Disorderly Conduct.

Harrison Timmons was arrested by Officers Hill and Rogers at his home on Harris street on a disorderly conduct charge. It is claimed that he heaved a lamp through the window for pure cussedness, while he claims the lamp was preparing to explode and he pitched it out.

First Presbyterian.

Rev. H. H. Sweets, of Louisville, will preach this morning and evening at the First Presbyterian church. The offertory at the morning hour will be sung by Mr. Robert Chastaine, and that for the evening worship by Miss Mamie Dreyfus.

Attorney-General Yerger in the prosecution of the case, having been employed by the father and brother of the deceased for that purpose.

Lightfoot has been in jail here since about the 1st of April, 1904, a little more than three years, and has been closely watched all the time, as he has been regarded as a dangerous prisoner. More than once he has been suspected of being implicated in attempts to break jail and for some period of his incarceration he was kept confined in the condemned prisoner's cell both night and day.

PASSED AWAY OF BRAIN FEVER

MR. EGBERT MOORE DIED AFTER SHORT ILLNESS AT HIS HOME.

The Remains Will Be Taken to Mayfield for Interment, that Being His Old Home.

Mr. Egbert Moore passed away at 12:30 o'clock yesterday afternoon at his residence in 827 South Sixth street, after a five days' illness with brain fever, produced by getting overheated while working around the yard of his residence.

The deceased was forty-four years of age and born in Graves county, but came to this city six years ago and had since made it his home. He was an excellent gentleman who made friends of all, therefore much sorrow and sadness is occasioned by this sudden dissolution. Until recently he had charge of the shipping department for the branch house maintained here by the Armour packing establishment. He was a close attendant of the Baptist church and a valued member of the Jersey camp, Woodmen of the World.

He leaves a wife, three children, father and mother, two sisters and one brother, all of whom have the deep sympathy of friends in their bereavement. All were at his bedside with exception of the brother.

This afternoon at 2 o'clock the funeral services will be conducted at the residence by Rev. Calvin M. Thompson of the First Baptist church. At 4 o'clock the body will be taken to Mayfield for interment.

SENSATIONAL ENCOUNTER

BETWEEN FORMER STATE SENATOR CHAS. BRONSTON AND COL. MILWARD.

Bronston Fired Four Shots at Col. Milward, None of Which Took Effect.

Lexington, Ky., July 6.—A sensational encounter took place shortly after two o'clock this afternoon between Former State Senator Charles J. Bronston and Col. W. R. Milward on North Broadway, in which Mr. Bronston fired four shots at Col. Milward, one of which ripped through the latter's trousers pocket and carried off a bunch of keys.

Some time ago Col. Milward, who is in the storage business, removed from Bronston's home some furniture belonging to Mrs. Bronston, who is now at her sister's home in Paducah. This enraged Bronston, and when the men met today an altercation ensued, during which Bronston drew a revolver and commenced shooting. Col. Milward, who is more than seventy years of age, was uninjured. Bronston was arrested and later released on bond.

OLDEST TENNESSEE MASON DIES IN LOUISVILLE.

Louisville, July 7.—Death came to George W. Lewis, eighty-eight years old, father of John C. Lewis and Lee Lewis, of Louisville, the oldest Mason in Tennessee and the oldest member of the Methodist church in Lebanon, Tenn., at 5 o'clock yesterday afternoon at the home of his son, Lee Lewis, 1801 Fourth avenue. Death followed an illness of one month. He saw years of service in early wars.

For six years Mr. Lewis had been in Louisville at intervals visiting his children, and about two months ago he returned to Louisville to be with his children at the last, aware of the fact that his days were numbered. After he took to his bed he never recovered his strength, and hours before he died he was unconscious. The remains will be taken to Lebanon about 2 o'clock tomorrow morning, where the Masons will have charge of the funeral ceremonies. The news of his death started many telegrams of regret from his friends of a lifetime, many of whom live in Tennessee.

Sings the Offertory.

Mr. Hull, of New York, will sing the offertory at the First Christian church this morning.

COMMISSIONERS WILL ASSEMBLE

OFFICER AND FIREMAN BOTH TO BE ELECTED TOMORROW NIGHT.

FIREMAN PETE GIBSON'S CONDITION UNCHANGED

DETECTIVE MOORE WILL RETURN TODAY WITH HERMAN MATTHEWS

Douglas Pryor, Colored, Was Lodged in Jail On Finley Assault Charge—Business of Officers.

The police commissioners hold their monthly session tomorrow evening at the City Hall and have quite a good deal of business before them for transaction, one thing being to select the successor to Patrolman James Brennan, who resigned yesterday to go to Memphis and work for the I. C. at bridge work. The board also has to select a fireman for the department service.

Commissioner Mann W. Clark was called several days ago to South McAlester, Indian Territory, on account of the serious illness of his son, Harry, who has consumption. Since the father's departure no word has come regarding the condition of the young man.

About the Same.

Fireman Pete Gibson continues in about the same serious condition at the railroad hospital on West Broadway, the doctors noticing no change. His wound is a very bad one, and a turn for the worse may occur as quickly as one would come for the better. The officers have not yet caught the negro Jonas Smith, who shot the fireman near Wallace park Fourth of July while shooting at another white man named Mariman who was accompanying Gibson.

Brings Man Today.

Detective T. J. Foore will arrive this morning from East St. Louis with the negro Herman Matthews, who is wanted here for escaping from the county jail. Matthews was caught at East St. Louis and the detective left Friday for him.

Matthews had been sent to jail and fined for cutting Cliff Bidwell. He had only 28 days to finish his term, and while being used as a trustee to clean the yard made his escape. He was not a state prisoner being held to the grand jury, as Jailor Eaker never makes a trustee out of anyone except those who have only a few days to serve.

Fourth One Caught.

Douglas Pryor, colored, was lodged in jail yesterday by Officer Dick Woods on the charge of being one of the crowd that assaulted Foreman J. S. Finley who has charge of the work of grading and graveling the new thoroughfare through Gregory Heights near Arcadia. The patrolman caught Pryor yesterday and he will be arraigned for trial at 1 o'clock tomorrow morning before Justice Charles Emery, who at that time will also try James Wallace, Henry Bell, and James Bell, colored, the other three who were caught Friday by Deputy Sheriff Gus Rogers for participating in the row.

Looking For Children.

Rexie Nelson, aged 15 years, and Clarence G. Manis, aged 18 years, of Livingston county, have run away from their homes and yesterday their fathers were here from that county looking for them. The parents left descriptions of the boys with Captain Frank Harlan of the police force. Thus far nothing has been seen of them.

Roy Stanley and Gene Williams were warranted yesterday by Officer Aaron Hurley and Stanley came to the hall and surrendered last night.

Only Sixteen Cows.

Captain Frank Harlan received a telephone message yesterday afternoon from a lady of Sixteenth and Jefferson streets stating that there were only sixteen cows on her lawn, and she surely wanted the stock catcher out that way to round them up. Before Mr. Rice could reach the scene the bovines had wandered away.

Home Mission Society.

The Woman's Home Mission Society of the Trimble street Methodist church will meet tomorrow afternoon at 3:30 o'clock at the residence of Mrs. C. W. Morrison of 1101 North Twelfth street.

RESOLUTIONS OF RESPECT

To the Memory of Mrs. Anna Vaughan Parham.

Resolved, That in the death of Mrs. Parham, the Woman's Club has sustained an irreparable loss, and that as one of the organizers of the club, her interest in its inception, her zeal for its progress and her faith in its future as an uplifting force in the community, contributed largely to the broad, liberal foundation on which the club now rests, and

That as chairman of the literary department, her superior executive ability and faithful recognition of responsibility, were exemplified in the wonderful success of the first public venture of the club. This success will always stand forth as a beacon light and ever be an inspiration to those who follow in her footsteps, and

That the influence of her strong personality and generous club spirit will ever abide with the members.

MRS. J. A. RUDY,
MRS. MUSCOE BURNETT,
MRS. A. R. MEYERS,
MISS ANNA WEBB.

IN MEMORIAM.

Mrs. Anna Vaughan Parham. Once again has the angel of death removed from the Delphic Club one of its most valued members. With bowed heads and tear-stained faces we mourn her departure into the Silent Land. What God has given we do not wholly lose. She lives among us in thought and deed as truly

"As in His Heaven." In hours of sorrow it is a comfort to speak in words of merited praise of those we have loved and too early lost. It is especially fitting that the Delphic club should commemorate the life of Anna Vaughan Parham, for she had the genius of a noble nature, "enriched by study and sustained by a lofty purpose." With an intelligence not of the ordinary, she was modest, unassuming and faithful in the discharge of every duty.

The two years that she was president of the Delphic club were banner years in the work and progress of the club. Under her gentle and womanly administration, inspiring and encouraging, that which was highest and best was brought out.

Her influence and memory like the refreshing dew of morn on thirsty flowers will rest in sweetest blessing on her co-workers who will seek to emulate her nobility of character, believing with her, that it is not what a woman knows but what she can do that makes her of real value to the world.

Her beautiful spirit has passed through the shining gates into the great temple of Light beyond and she knoweth now of a truth, what she said so often when she lay so near the shadows of death, "I know that my Redeemer liveth," and in Him she liveth also. Passed away, yes, but not gone, for the beauty of such a life passeth not away. It remains like the perfume of some rare exquisite blossom, to be recalled all through life, to be a solace to the sorrows of those who knew and loved her, and to become a benediction of living remembrance to all who came within the circle of her treasured friendship.

A number of our people spent the Fourth in Paducah, Mayfield and in Murray.

Miss Lora Brandon returned Monday from Paducah, where she has been visiting for the past few weeks.

Miss Agnes Foust is still improving and hopes to be able to leave the hospital in Paducah and return to her home Saturday.

S. M. Fields receives a report every day or two from his wife, who is still sick with fever in Jacksonville, Fla., and she is improving steadily.

Mrs. J. W. Graham, of Paducah, was here this week and returned home Thursday, accompanied by her charming daughters, Misses Elizabeth and Lorena, who have been visiting their grandfather, Dr. S. Graham, for two or three weeks.

A number of the young people, chaperoned by Mrs. Foust and Mrs. McGregor, had a pleasant outing Wednesday evening down by the river. A delightful lunch was one of the features of the evening. On starting home the pleasure was marred by Dr. Foust having one of his limbs caught in the wheel of the wagon, cutting it very badly and almost breaking it.

ROCKEFELLER IN CHICAGO

HEAD OF OIL TRUST AND HIS BROTHER SLIP INTO THE CITY.

Arrived in Special Car and Went Direct to the Offices of the Company.

Chicago, July 6.—John D. Rockefeller, richest man in the world, slipped into Chicago quietly in a private car attached to the "Wolverine Flyer" of the Michigan Central Railroad at 4 o'clock. He came in response to a subpoena of the federal court.

He will appear before Judge Landis Monday morning as a witness to be interrogated regarding the holdings of the Standard Oil company.

He was accompanied by William Rockefeller, his brother. He was met at the depot by Harold F. McCormick, his son-in-law, who whisked the brothers in his automobile to the new offices of Standard Oil in the Commercial National Bank Building, Adams and Clark streets.

There the Rockefellers conferred with John S. Miller, attorney of his oil company; C. M. Pratt and F. O. Barstow, secretary and assistant secretary of the company. Mr. Barstow and Mr. Pratt also have been summoned to appear in court.

The two Rockefellers were taken after the conference to the McCormick home, 88 Bellevue place. After dinner the only millionaire in history had a nap. He refused to see newspaper men.

Mr. Pratt and Mr. Barstow were the only two Standard Oil millionaires who arrived in Chicago besides the two Rockefellers. The others who have been summoned and who will arrive today are John D. Archbold, W. P. Howe, Charles T. White, J. A. Moffatt, W. P. Cowan, G. W. Stahl, H. E. Felton, W. M. Hutchinson. They will arrive in time to be present in court.

H. H. Rogers, virtual head of Standard Oil, arrived yesterday in New York from Europe. He was not served because the subpoena had been returned to Chicago. It was reported yesterday he would come to Chicago tomorrow without service.

John S. Miller, Moritz Rosenthal and A. D. Eddy will represent Mr. Rockefeller in court. Whether he will answer the questions put to him by Judge Landis is a question. If he refuses Judge Landis has given it out that the richest man in the world will go to jail for contempt.

A Giant Coffee Corner.

No country or organization has ever attempted to control the price of a commodity on anything like the colossal scale that is now being resorted to by the government of Brazil, and a group of merchants and bankers associated with it, to prevent a further decline in the price of coffee. On August 6, 1906, the president of Brazil signed the so-called valorization bill, providing for a \$75,000,000 bond issue by the state of Sao Paulo, Minas and Rio, the three coffee producing states of Brazil, and guaranteed by the general government. Already a large proportion of the loan has been placed, and with the proceeds about 7,500,000 bags of coffee have been purchased by the government and set aside with the purpose of raising the price of coffee. Enemies of the valorization scheme assert that it must ultimately fail, as anything in the nature of an attempted corner is sure to do, since it is contrary to the laws of political economy. The friends of the scheme deny that there is any effort to corner coffee or to create a trust or monopoly in that commodity, and certainly in spite of the heroic efforts that are being made to support the price of that article there has been no evidence in the movement of prices since the valorization law went into effect to warrant the assumption that any corner is likely.—A. W. Atwood in Van Norden Magazine.

The Telephone Franchise.

The Democratic Aldermen of Paducah have proven themselves to be made of the right material in killing the ordinance passed by the council offering a franchise to the Tennessee Telephone people which granted that company the right to charge a higher rate than the Home Company's franchise allows. With them the time-worn phrase, "Equal right to all and special privileges to none" is not a meaningless one.

This is as it should be. The Tennessee company has amassed millions by reason of its control of the Bell patents which it acquired for a song. To show what its enormous earnings have been it is only necessary to speak of its Siamese twin, the Cumberland, which was capitalized at \$1,000,000, and has increased its capitalization to \$20,000,000, by stock dividends and has always paid decent cash dividends on whatever its nominal capital was. This vast accumulation of wealth is now being used in an attempt to continue the monopoly.

A review of the facts concerning the Paducah franchise of the old company will aid us in understanding the situation which our aldermen found confronting them and enable you to see the justice of their order to the ordinance committee to draft another franchise ordinance in accordance with the one under which the Home company is operating.

In 1883 the city council of Paducah by resolution allowed the representative of the Bell Telephone company to place certain poles upon the streets of Paducah. At that time there was no clause in the city charter giving the city a right to grant such franchise. In 1887 Chas. Reed as mayor of Paducah and the superintendent of the predecessor of the Tennessee Telephone Company signed an agreement concerning the joint use of certain telephone poles by the phone company and the city. Even at this time the city had no right conferred on it allowing the grant of telephone franchises. In the new constitution provision was made for granting franchises and under this provision a franchise ordinance was framed which ordinance is the basis of the Home company's franchise. The Am. Bell, Bell, Cumberland nor Tennessee companies ever availed themselves of this franchise but rested upon their prior possession of the field under the resolution and pole contract above mentioned.

A man need not possess more than a rudimentary knowledge of law to understand that the Cumberland has no legal right in the streets and alleys of Paducah. Unless there be some other grant than the ones above cited. The company claims, but has never produced a legislative grant. So when the representatives of the telephone people and the joint committee of Boards of Aldermen and Council met the company's representatives practically acknowledged they were operating without a franchise and an agreement was reached between them as to the franchise, but the full boards rightly thought that the rates allowed were excessive so they refused to ratify the agreement. Then the city solicitor was instructed to sue out a writ of ouster against the company whereupon the company rushed into the haven for corporate violators of law, the U. S. court. In making up the issues of the case the attorneys for the city asked that a franchise be offered the Tennessee company so that in event of their failure to accept, that fact could be pleaded. The ordinance as passed by

the council gave the Tennessee Telephone company the right to charge \$2.50 per month for residence phones and \$4.00 per month for business phones, with a rider allowing an additional charge of 25 and 50 cents per month for every extra thousands subscriptions. This is the ordinance that the Democratic Aldermen killed. The committee should bring in an ordinance in accordance with the council's instruction; it should be passed and then if the old company wants to do business in Paducah they may accept, if not the ouster suit should be vigorously prosecuted. The chances are that the courts will sustain the city's contention.

In conclusion we say that the city is to be congratulated that half of her aldermen have placed themselves clearly on record for best interests of all her citizens.

At 10 o'clock yesterday morning John D. Rockefeller appeared before Judge Landis of the U. S. District Court in Chicago. Thus the majesty of the law is upheld partially and if the Standard Oil company is convicted and punished severely the triumph of law will be complete.

Again we feel impelled to say that not the slightest significance is to be attached to the sailing of the battleship fleet for the Pacific. It is simply made for practice and drill, and is to be regarded as a change of menu for the sailors. They were tired of blue fish and mackerel and are sent to partake of chinook salmon and to kill the taste of Boston Baked Beans with the juicy California Orange.

A great many people who are earnestly opposed to saloons have been considering postponing the fight against them because of their belief in the passage of the county unit bill by the next legislature. We think they are mistaken in this, for it is by no means certain that the unit bill will pass Legislative conference naturally plays a large part in determining what laws shall be passed, and the chances are that every senator representing a district containing a city of the second class will vote against the unit bill applying to this class of municipalities.

The temperance forces of our city should lose no time in perfecting their organization. The opportunity for which many of our people have been waiting for years is at hand and with a properly managed fight local option can be carried in Paducah. All thought of postponement should be abandoned. "Now is the accepted time."

The total distance of the entire line as proposed will be 465 miles. From Wycliffe the road will cross the river from Cairo easterly near the southern border of Kentucky to Jellico, and thence through the northern part of Tennessee to Bristol. Among the places to be touched will be Jacksboro, Tazewell, Sneedsville, Rogersville, Blountville and Bristol, Tenn., and Mayfield, Dexter, Canton, Cadiz, Gracey Hopkinsville, Elkton, Scottsville, Franklin, Tompkinsville, Albany, Monticello and Jellico in Kentucky.

Such a line would materially shorten the distance from the coal and iron fields of Western Kentucky to Cairo, Chicago and the West.

Surveys are being pushed on the remainder of the route. The line will cross the Tennessee River twice, one of the bridges being about 1,800 feet long, and will cross the Cumberland over a bridge of 1,000 feet. The minimum grades will be about one-half of 1 per cent, and the maximum curves three degrees. The officers are: President, L. W. Goode, 11 Broadway, New York; General Manager, Charles H. Delano, Mayfield, Ky.; Assistant General Manager, E. C. Watson, Wycliffe, Ky. The road will be called the Cairo & Tennessee.

Debris Cleared Away.

Work of clearing up the debris and repairing the damaged roadbed and tracks between here and Mayfield was not completed until yesterday afternoon, as the passenger train due in at 11:20 o'clock from Memphis was one hour late, having to wait until the repairs were completed there. All the trains from that division have been late since Thursday afternoon when the thirteen cars jumped the track and piled in a heap.

No More Excursions.

General Agent John T. Donovan of the Illinois Central, yesterday morning received a letter from headquarters at Chicago stating that the low rate excursions will not be run out of Paducah next month for Chicago and St. Louis as has existed for years back. This means that the hundreds heretofore taking advantage of the outings will not have that pleasure this year.

The round trip rate has been \$5 for Chicago excursions, and \$2 for St. Louis, but these occur no more. In order to see if the road will make as much under the two-cent rate of Illinois, as under the three-cent rate, the I. C. took off all excursions and reduced rates in that state.

Property Burned.

A dispatch from Montgomery, Ala., states that fire at 5:30 o'clock Friday afternoon destroyed a part of the freight depot of the Western of Alabama and Atlanta and West Point railway there. Fifty-two cars of first-class freight were burned, besides fifteen loaded cars on side tracks were badly damaged. Many valuable records, books and receipts were lost. The loss is roughly estimated at \$100,000.

By hard work the firemen saved the right wing of the depot and the general offices adjoining. Switch engines saved several cars loaded with freight by pulling them out of the yards. The origin of the fire is unknown.

Cumberland Presbyterian.

The Cumberland Presbyterian congregation will hold worship this morning and evening at the county courthouse. Rev. Jo McLeskey on the pulpit. "The True Life of A Saved Sinner" will be the morning topic, and "The Faith of Simon Magnus" the subject for nighttime.

Sunday school occurs at 9:30 o'clock.

Postponed Meeting.

The Christian Woman's Board of Missions, will meet at 3 o'clock Thursday afternoon with Mrs. Chas. E. Jennings of Argalia, this session being the one intended for last week, but which had to be postponed on account of the death of Mrs. Frank L. Parham. Those who have not rigs will be met at the end of the car line by vehicles and taken on up to the home.

Other Matters.

Tom Garland was arrested on a warrant charging him with breach of ordinance. Officers Johnson and Cross arrested Charles Boblett on the charge of breach of the peace. Wm. Smith, colored, was locked up by Officers Johnson and Cross on the accusation of being drunk and disorderly down about Second and Kentucky avenue.

TEMPERANCE PEOPLE WON

FIFTH MAGISTERIAL DISTRICT

WILL CONTINUE LOCAL OPTION.

Both Precincts in Marshal County

Went Overwhelmingly Against Whisky People.

The temperance people on the election yesterday in the fifth magisterial district for Marshal county, and this means that that district will continue local option, as in the past. There are two precincts in the district, Hardin and Harvey, and at the former place 60 votes were cast for whisky to keep out and only 32 favorable to liquor. At Harvey 35 votes were cast against whisky and only four for it. That magisterial district has been local option in the past, but the whisky people raised the question that inasmuch as a vote had never been taken on the proposition they were at liberty to open a whisky establishment. In order to settle the matter for good the temperance people accommodated the liquor contingent with a special election, and the local option advocates won at the ratio of nearly three votes, to one for liquor.

Certain parties were preparing to open a saloon in that district and let the matter be tested in the courts, but the election settles the matter now.

Oldest Secret Society.

(London P. T. O.)

Neither the Naples Camorra, the Paris Apaches, nor the Black Hand of America is the most powerful and terrible secret society in the whole world, in spite of the harrowing details of their ghastly work which I have given recently in P. T. O. The palm must go to the Mafia, which flourishes in Italy, and has done so for more than 300 years. This society, which works so swiftly and silently, yet so surely, was founded in Sicily for protection against the injustice of foreign rulers.

He who is of the Mafia is almost sure to do well, and may even escape justice after committing the most serious crimes. It is said that the secret of the success of the famous Crispi was that he was one of the Mafia. If a member opens a new shop, the word is given round, and all the other members in the neighborhood flock to it with their custom; if one of the Mafia, as they are called, is putting up for an election the influence of the order is set to work in every direction in his favor; if one commits a crime he may be let off because the judge and jury are his brothers; and not long since a man murdered another in the streets of Palermo and was caught the next moment but he broke away from his captors and upon the instant the cry of "Mafiosi" was sent round, and every possible impediment was put in the way of the pursuit, so that if failed, and the man got free. Subsequently the police discovered his whereabouts, but they dared not arrest him, for fear of the Mafia.

It is not an easy thing to join the Mafia, and the tests as to whether a candidate is fit for the fraternity and likely to be a good member of it are very strict. He has to go through many probationary trials, but when at last the committee is satisfied that he is a good candidate he is duly initiated. The candidate has then to go through a terrible ceremony. First of all a cut is made in his body and a quantity of blood is drawn from it, and with this he smears an image of his favorite saint, and then sets the image on fire, immediately taking an oath in the following words: "I swear on my honor to be faithful to the brotherhood. As this saint and the drops of my blood are destroyed, so will I shed all the blood I have for the fraternity; and as these ashes and this blood can never be restored to me, so can I never again become free from the brotherhood."

Then the new initiate has to draw a revolver and shoot at a crucifix to show that he would be willing at any time to kill his nearest relative or most intimate friend, if commanded to do so. He is then a full member, and he is said to be a wearer of the red mantle. His name as a member is not entered in any books, but it is duly forwarded to the headquarters, and then it is communicated by word of mouth to the other members in the district where he lives. These other members teach him all the other signs and customs of the fraternity which he should know, and he at once becomes a full-fledged member.

The headquarters of the brotherhood are being constantly moved about. One week they are in one place, and the next week they are at the other end of the country. Nobody even knows, except the members, where to put their fingers on the Mafia. In each town there is a kind of chief agent, who is kept posted up with the doing and movements of headquarters, and he communicates them to the members concerned.

We have too many Corset Covers in this sample lot and will give a special discount of 25 per cent this week.

The Ready-made goods offered in this sale are much less in price than the raw material of which they are made

Part of this line was left over from a former drummer's sample sale and part of it is goods that we are closing out.

Not a single garment in the lot is priced more than the wholesale figures—some at less, and when it is considered that these prices are based on those of a year ago you will readily see what a really attractive proposition we are making

Material of every class and character has advanced, as much in some instances as one-half, and in view of this fact we fail to see how even the manufacturer could possibly make these garments at the prices at which we offer them.

We mention here only a few of the remarkably low prices that will prevail during this sale:

DENIAL ABOUT RACING AFFAIR

MAYFIELD MESSENGER SAYS
PADUCAH MEN WERE IN
THE WRONG.

LATTER BACK POSITION
WITH MINUTE DETAILS

CLAIMED THAT HARRIS ACT-
ED IN MANNER UNUSUAL
TO JOCKIES.

Mayfield Article Indicates That Pa-
ducah Has Distinguished Lord
in Her Midst.

The Mayfield Messenger of Friday made a sweeping denial of the charges that the Paducah race horse owners were given a hot deal there on Thursday, and although the denial is made, the article does not back its assertion up with minute details, like the Paducahans explain their attitude, and as the Paducah gentlemen are well known men of integrity, the Mayfield denial has much to overcome.

The Mayfield paper says:
"About nine of the Paducah horses were shipped back to that city of shops this morning, but there will be good races today just the same. Virgil Sherrill, one of the horse owners from that city, 'got huffy' and 'flew the coop'—it seems, because the judges ruled his man Harris out for using his whip in such a manner that it was against the rules of a racing association. Harris denied that he did anything wrong, but dozens of people who saw him say he did use the whip in an unnecessary manner, and not in accordance with a jockey who wants to do the proper thing. The vast crowd seemed to agree with the action of the judges and think Harris displayed himself badly. The directors of the Mayfield Fair association met last night, and made all kinds of concessions and acted unusually square in every respect. They offered to pay all expenses and then allow the race to be run over again, but Lord Sherrill with an air of authority heard the news with deaf ears and said 'Nay, nay, Pauline' to everything.

"The affair was very much regretted, but such things will happen. The fair association is determined to see that no unfair methods are en-

gaged in and will rule off every horse if things are not just that way.
"L. C. Dickerson, with 'Lady Foster,' a runner, was the only Paducah man to remain. He says he is here to run his horse and will do nothing but the fair thing and expects to receive it. Ben Frank and Gus Thompson did not want to take their horses off the track but on account of shipping with the Harris horses they consented to let Lord Sherrill dictate their actions."

WATSON'S CASE IS POSTPONED

CHARGE LAID OVER UNTIL
TOMORROW FOR TRIAL
OF CASE.

Lizzie Roberts Mulcted Heavily on
Two Charges, While Those
Scrapping were Assessed.

Frank Watson was given a continuance until next Monday on being arraigned before Judge Cross in the police court yesterday morning. He is charged with maliciously shooting at another.

Lizzie Roberts was assessed \$50 for running a disorderly house in "Tin Can Alley" and \$25 and costs for disorderly conduct. She was fined heavily only a few weeks ago for running this place.

Irvin Pace and Bob Wright, the two young white fellows who fought at the Roberts place, were both fined \$5 and costs, while Pace was given a fine of \$10 additional for cursing the police force and calling officers vile names.

Tom Woods was fined \$30 for disorderly conduct, the evidence showing that he loitered around like a vagrant.

Mann Dobson was fined \$20 and costs for disorderly conduct.

ternoon With Mrs. Charles E. Jen-

"Great Salvation" was the subject for last night's sermon by Rev. W. J. Naylor at the Tyler protracted meeting, where a number of conversions were made. The congregation was exceedingly large and evidenced deep interest.

This morning at 11 o'clock and this evening at 8 o'clock Dr. Naylor preaches again, while at 3:30 o'clock this afternoon a children's service will be conducted.

STARTS LAST OF THE MONTH

GLASS BLOWERS READY TO
COME TO WORK HERE
WHEN SUMMONED.

Undertaker Guy Nance Purchased
New Carriage—Mr. Alcott Goes
to Mexico.

Instead of waiting until September 1 to start the plant the new glass factory people have received letters from glass blowers over the country, stating they will report here for work whenever desired. Ordinarily the glass blowers will not work during the very hot period between July and September 1, but those to work at the Paducah establishment have signified a willingness to come when asked, and at this the plant will get started sometime the last of this month.

Undertaker's Vehicles.
Undertaker Guy Nance has added another fine carriage to his string of rigs at his establishment on South Third street, this giving him eight vehicles altogether, and a fine line for funeral purposes. He has ordered a handsome buggy that will arrive this week from the East, it being of the kind made especially for undertakers.

Goes To Mexico.
Mr. Charles Alcott, of the Sutherland Medicine company here, goes to Monterey, Mexico, next month to remain several months and have charge of the branch plant maintained at that city by the concern. He will probably be gone until the last of this year looking after the business the large company is building up in that country.

San Francisco.

(The Argonaut.)

It is the universal judgment of men of intelligence in respect to such matters that we have reached a condition of affairs when there must come a universal and painful halt unless confidence in the solvency, the fortunes, and the security of San Francisco shall be re-established. We must go ahead. We cannot get help from abroad until we can make a showing of industrial peace upon a sound basis with security for capital invested here. There is no confidence in the great money centers with respect to San Francisco, and there will be none until we shall put our house in order. Nobody questions the commercial opportunity here, nobody doubts the capacity or integrity of our larger financial and commercial organizations. Nobody—we hope—seriously questions the ultimate outcome. None the less capital will not come to us.

The facts are easily interpreted. They imply a shutdown of credit a local inaction that will make stagnation in every street, a rapid and ruinous decline in real estate and leasehold values, the cutting down the prices of everything, including wages. In short, it means nothing less than dull times, with universal distress.

First of all the problem lies with what we may call our property class—with our men of capital and of business. In this, as in every community, the men of financial resource—the men of capital—may control the situation to right ends if they will come together in fair and just policies—just to labor as well as to capital—and work to just ends. There is always a majority for law and for security if those who sentimentally stand for law and security will pull together. It is so here. If these elements, leaving the labor element out of the question altogether, who

during the past month, have been clutching each other by the throat, would forget their absurd differences, would put aside their indecent quarrels and give their combined energies to the business of re-establishing our credit and standing in the world, the troubles which threaten to overwhelm us could be exercised and destroyed in a month.

The problems of the hour are serious enough, but there is no mystery about them; they stand so prominently in view that the plainest common sense can recognize and name them. The first thing needed is to put an end to the strikes which would die in a week were they not encouraged and nourished by quarrels among interests which ought to stand together. The second thing needed is to rewrite the rules of industry so that a decent man, whether he belong to a labor union or not, may have a fair chance under the traditional American system of earning his living in any work which he is competent and willing to do—this, too, could be done in a week with reasonable co-operation at the hands of our so-called conservative class. The third thing needed is complete reorganization of our municipal government—and this, as well as the other, could be done if there were willingness to work together in reasonable and proper ways to the end of casting out our boodling board of supervisors, of substituting some man of capacity and respect for our boodling mayor.

Trimble Street Methodist.
Today Rev. G. W. Banks of the Trimble street Methodist church will decide whether to continue throughout this week the evangelistic services that have been conducted for the past six nights at that church. Dr. Banks fills the pulpit this morning, and Rev. Guy T. Denton of the Vanderbilt University at Nashville preaches tonight.

Memorial Service.
This morning at the First Baptist church there will be conducted a service in memory of Dr. T. T. Eaton, the noted Baptist divine, who was buried at Louisville last week. Tonight Dr. Calvin M. Thompson talks on "The Bible's Last Invitation."

Mission Society Meeting.
At 4 o'clock tomorrow afternoon the Home Mission Society of the Broadway Methodist church meets at the church.

It is funny how hard it is to forget an engagement with someone that you do not wish to keep.

INCIDENTS OF LIFE IN GOTHAM.

New York, July 5.—The Reverend Charles Frederick Aked, who recently came from England and succeeded the Reverend Rufus H. Johnson, formerly of St. Louis, as pastor of the Fifth Avenue Baptist church, took out his first citizenship papers today.

Mr. Aked expressed his keen desire to become a citizen as soon as possible, and when told that five years must pass before he could get final papers, he was somewhat dismayed. He cheerfully renounced his allegiance to King Edward.

In filling out the blank required of all candidates for citizenship, Mr. Aked stated that he was born in Nottingham, England, on August 27, 1864. He appeared very much impressed with the proceedings, and took Clerk Donovan afterward that he thought the procedure very beautiful.

It is strange how the man the world calls a fool manages to beat out the so-called wise ones.

WATTS' BOULEVARD

Is Ohio street replatted from Twenty-fifth to Thirtieth street—it is reached by driving out Broadway and turning South to Ohio street. This new Boulevard splits in the center the district that will hold 5,000 to 10,000 of the population of Paducah when this city reaches 50,000 people—for the very good reason that there is no other convenient place to go—that is for the bone and sinew of the community—those persons that earn from \$800 to \$1,500 per year—this fact is now being recognized by all the public interests, and improvements are going on in this direction with a rush. The finest homes in the city are located around Broadway and Twenty-eighth street. The easy slopes facing East on the West side of Twenty-eighth between Broadway and Jackson streets will soon be filled with handsome residences. Cement sidewalks have been ordered out Broadway to Twenty-fifth street. No. 3 sewerage district has been planned to Ohio and Twenty-fifth street. The Traction company have extended the street car line out Broadway to Nineteenth street and then South into this section, crossing Watts Boulevard at Nineteenth street—the car company say they will extend this line out Jackson, Tennessee or Watts Boulevard as soon as the district justifies it. All this rush shows what is expected of this square mile, bounded by Nineteenth, Twenty-ninth, Broadway and Mayfield road. For the above reasons it would be perfectly safe to

Guarantee 20 per cent per year for five years

to buyers of one of these lots, for any real estate agent or trader will tell you of many deals where better than 20 per cent per year has been made for the last 5 years; when others have done this why not you? And Paducah is a better town today than 5 years ago. There is nothing to prevent future residence lots in this section doubling in value within 12 months after the first over the river railroad enters Paducah—six are talked of; we ought to get one. The restrictions that go with these lots make their value certain and you know your lot will always be in a good neighborhood—RESIDENCE PURPOSES ONLY—WHITE PEOPLE EXCLUSIVELY AND NO HOUSE TO BE BUILT COSTING LESS THAN \$1,500.00. These conditions go in every deed or no sale. Buy the start and let the improvements come to you is the way to make money in real estate. Dimensions of property platted and recorded—street 90 feet wide; 15 feet on each side for sidewalks and 60 feet wide between the curbs; lots 50 to 65 feet front, 150 feet deep to 20 foot alley. Full block from Twenty-seventh to Twenty-eighth street reserved for Public Park. On the 5 block between Twenty-fifth and Thirtieth streets, there are only 56 lots and none have been sold.

Price of Lots \$300 each; \$100 cash; \$100 in 6 months; \$100 in 12 months
This price includes gravel street 60 feet wide from Twenty-fifth street to Thirtieth street.

No interest if paid promptly, otherwise 6 per cent—No extra charge for the large lots or corners—this advantage is given the first buyers—not more than two lots sold any one person. When 20 lots are sold the remainder will be withdrawn from the market and are not for sale at any price for 12 months. T. D. Harris, corner Twenty-seventh and Adams, will show the property.

SITUATION IN PORTUGAL IS VERY GRAVE

London, July 6.—The news from Lisbon this week has been of the gravest character. The situation has become so acute, indeed, that London would not be surprised to learn at any moment that King Carlos has been forced to leave Portugal, and that a republic had been proclaimed at Lisbon. Still, the fat and jolly King Carlos has weathered many a storm during the past few years and may be able to pull through the present crisis.

But when the principal newspapers of a monarchical country begin to hold up their sovereign to public obloquy as a "manifest coward," as "a ridiculous and useless duke" and as an "incapable fool" and loudly demand that he take his departure and make way for the establishment of a republic, the "only form of government consistent with human dignity, common sense and modern progress," then a revolution may be regarded as imminent and the overthrow of the throne as at hand.

Peasantry Are Discontented.
For a long time past there has been growing discontent among the peasantry, due to the excessive and ever-increasing taxation to which they are subjected. It is safe to say that they will cheerfully welcome and submit to any change of rulership no matter what it is, that will tend to alleviate the crushing burden of imposts with which the are at present literally overwhelmed. As for the urban population, it is republican to the very core. The chambers of commerce and the chambers of manufactures, the association and medical professions, the faculties and students of the various universities and colleges, may even the very officers in the army, particularly the scientific branches of the latter, are nearly all openly professed foes of the monarchy and acknowledged republicans, who are firmly convinced that Portugal will never recover her former prosperity, as well as her prestige among the nations of the universe, unless she adopts a form of government that exercises a less blighting influence upon the life of the people than the deplorable rule of the house of Braganza. As for the urban labor element it is almost wholly socialist.

Carlos Not to Blame.
Really, Carlos is not responsible for this state of affairs. He is a fat and lazy fellow, good-natured and easy going, and probably would be happy if he were well rid of his job, provided he received a good sized pension for himself and family. It has always been said that the political ideas of King Carlos are liberal and progressive, but unfortunately he lacks the energy and courage of his convictions. His chief desire is to worry himself as little as possible about the condition of public affairs. He is extremely fond of sport and pleasure. He is a first-rate shot, can use his fists in the most approved style, is an adept both with the pencil and the brush and is a splendid swimmer and diver. His appetite is proportionate to his size, and he is the biggest and fattest of all the monarchs in Europe.

Queen an Able Woman.
Carlos is said to be faithful to his wife. Gossips have it that he is in too great fear of her not to be, if he were inclined otherwise. Queen Amelia is homely, being large-boned and tall, with prominent features, but she has a good deal of political sagacity, more than any other, perhaps, of the Orleans family. Some of the Orleansists say that if she had been born a man she would be king of France.

But she has a hard enough time of it to keep her own throne. She is

BALLARD BITS.

(Wickliffe Yeoman.)
Mrs. Allen Dunn brought to this office last Saturday a hen egg that measured 8 1/2 by 6 7/8 inches. It was a gollywhopper, and if anybody can beat it, let them come across.

Those who went up to Prairie Lake Wednesday will not quit thanking Col. Ed Hopkins and his splendid boys for a month. None of the crowd in question caught any fish, but the bunch were invited to the colonel's table for dinner, where they found an abundant supply of the very best. In behalf of the entire crowd, we extend thanks.

Wheat opened here the first of the week at 85c per bushel, one cent higher than at any place in the country.

The bride is a niece of Mr. Grace and is a popular milliner of LaCenter. The Yeoman congratulates and extends best wishes.

Wednesday at 10 o'clock a. m., the Christian church of this city was the attractive point of a beautiful wedding scene, in which Miss Elizabeth Sanders, only daughter of Rev. and Mrs. J. C. Bryan, was united in holy wedlock to Mr. David J. Hartman, of Altoona, Pa., the father, who is pastor of the Christian church, performing the ceremony.

The old town was depopulated yesterday and every old log and boat on the lakes filled with people. "Advertising is no good," said the man in old clothes. "It never helped me none." The millionaire merchant smiled. "That is because you tried it, John," as the Indian tried the feather bed. An Indian took a feather, placed it on a plank and slept on it all night. In the morning he growled: "Pileface heap fool, ugh!"

Our old friend Geo. B. Wilds, who has been in Missoula, Montana, for the past two months, for his health, returned home last Sunday afternoon, with a new lease on life, he says. And his many friends in old Ballard county will be glad to know that he is back and feeling so much better.

Hon. Hal Corbett of Paducah, was in the city yesterday.

Wheat, oats and hay harvest is in full blast in Ballard county.

JUDGE DUNNE PUTS STOP TO LIBERTY WHICH MAYOR SCHMITZ HAS BEEN TAKING

San Francisco, July 6.—Judge Dunne today put a stop to the liberty allowed Mayor Schmitz when his attorney, Frank Drew, applied for the customary order permitting the convicted mayor to leave the county jail to visit his attorneys and go to his home for luncheon. Judge Dunne issued the order but prescribed that Schmitz might leave the jail to go to the office of his attorneys, that he should not be allowed to go to his home and that his absence from the jail should be limited to three hours.

Drew became extremely angry when Judge Dunne made the order in these terms and demanded to know why Abe Ruef is allowed to roam about at will in the company of Elfish Buggy and live on the fat of the land.

QUARTETTE ON WEDDING TRIP

MR. AND MRS. W. B. COBB AND MR. AND MRS. G. C. PHILLIPS.

Newly Married Couples Spend Several Hours Here Yesterday With Paducah Friend.

Mr. W. B. Cobb and bride of Kansas City, Mo., and Mr. G. C. Phillips and wife of Herington, Kan., passed through here yesterday enroute for the Tennessee river upon the steamer City of Safford, the bridal couples being out on their wedding tour. They spent several hours in this city as the guest of their friend, Mr. A. M. Johnson of the Register office.

Mr. Cobb is a well known young newspaper man connected with the Star at Kansas City, while Mr. Phillips is connected with the Rock Island railroad. They were married the first of last week, and coming to St. Louis took the Saltville for the round trip to the Tennessee river. They will proceed to Bean Lake near St. Joe, Mo., where they will camp out until September 1 and in this manner enjoy their honeymoon.

The quartette are enjoying themselves, having their camera along, taking snapshots of every scene that strikes their fancy, while every city they visit they are buying up souvenir postcards showing views of the different towns and sending them back home to their friends. They purchased 100 of Paducah.

Personal Immortality.

The late Frederick L. H. Myers, whose two massive volumes on "The Immortality of the Soul" reflect the minuteness of his researches, made the assertion shortly before his death that "within a century" the scientific proof of personal immortality would be so strong that no reasonable man would question it. To that prediction not many persons, least of all men of conscience, would assent. The hope of immortality will never be more than a hope, and faith in it must rest rather in the regions of the affections, than in that of the intellect. The element of mystery is not only a vital part of religions, it belongs to the discipline of character. If the certainty of the future life were revealed so clearly and definitely that doubt would be impossible, that knowledge would not only cheapen but degrade the nobler side of life. Affection itself would become coarse and vulgar if the immortality of each individual were lifted out of the region of reverent faith into that of demonstrated fact. On the other hand no one who studies, however superficially, the current tendencies of scientific research, can be blind to a profound change, which, within quite recent years, has come over the temper of science in reference to the question of the immortality of the soul.—Rev. Donald S. Mackay in the North American Review.

WILD MAN FOUND.
Brookport People Have Discovered One in that Vicinity.

The people of Brookport have discovered a wild man. He is stark naked and as brown as a bush. He comes up where they feed swill to hogs and eats the old stale, slop soaked bread to assuage the pangs of hunger. They have talked to the naked man and the naked wild man says he wants something to eat and the Brookport people talk about forming a hunting party and going into the 200 acre woods that the naked wild man runs in and capturing him.—Metropolis Herald.

NO SOCIAL EQUALITY

THE SOUTH WILL GIVE THE NEGRO CERTAIN RIGHTS.

But Will Draw the Line on Social Equality—Gov. Northern's Address.

Mont. Claire, N. J., July 5.—Former Governor W. J. Northern of Georgia was the orator here yesterday speaking to a large audience on the relation of the races in the south.

"It is a great mistake," he said, "to believe that there is no kind of harmony between the better elements of the races in Georgia and at the South. Quite the contrary is true.

"The good class of negroes is intelligent, progressive and resourceful. Its religion is not a sham. Its education has not spoiled it and its devotion to duty is not inspired by the lures and fishes. Its ideals are good, its social standards high and its life wholesome and elevating. If all American negroes were of this class there would be no 'negro problem.'

"It will be best for all parties if the white man, strong and dominant, will look sympathetically at the weaker and dependent race, and seeing him just as he is, intelligently set about aiding him.

"This is just what we have begun to do in Georgia upon a plan based entirely upon our local conditions as, in my judgment, all other people must be allowed to do. Before we entered upon that plan, however, there were some things fundamental that had to be settled between the races.

"All history shows that no two races approaching in any degree equality in numbers can live peacefully together unless intermarriage takes place or the one becomes dependent upon the other. Miscegenation by law will never take place at the south. That may be accepted as an established fact and settled, beyond question and for all time to come. Intermarriage at the South need not be argued a moment. Unless the South breaks the record of all history, there is only one alternative left, and that is that the negro must be dependent in a measure at least, upon the white man, as he cannot hope to dominate him.

"The negro in Georgia has not put himself as a dependent upon the superior race by his own public, general and voluntary statements. The white people of Georgia would be grossly recreant to this acknowledged confidence and trust if they did not give the assurance that every individual black man with his family should be absolutely sure that he will receive justice in his civil rights, in his industrial relations, his educational opportunities and his moral and spiritual interests.

"This, the people in Georgia have publicly proclaimed. All that we now need, in order to work out our problem slowly and surely, is the sympathy and not the criticism of those who do not still understand the great hindrances that are yet in our way.

"While we deny and disallow social equality, we are quite as free to grant and defend the negroes fullest rights in industrial privileges and business opportunities.

"If the negro is made industrially capable and industrially reliable, the people of the South would rather have his service than such as could be rendered by any other people upon the earth. But it is possible that the kind of education to which he has been encouraged in some quarters has given him a feeling of self-sufficiency that has lifted him entirely out of his place among the people who would be more than glad to use him, with profit to himself, if he were willing to serve."

In conclusion, Mr. Northern said: "Whilst the negro is in no way responsible for the beginning of the problem, he is most criminally responsible for its wicked continuance. This responsibility is upon them, and upon them solely. We expect to so hold them until they are controlled, properly punished and made obedient to law. In this effort the better negroes are now rendering most helpful service and counsel."

NEWS FORECAST OF THE COMING WEEK

Washington, D. C., July 6.—With the president settled at Oyster Bay and the members of the cabinet and other high officials scattered to their homes throughout the country, the national capital has entered upon its customary period of mid-summer dullness.

Several large conventions will attract public attention during the week. The most important of these gatherings will be the International Christian Endeavor Convention at Seattle, the golden jubilee convention of the National Educational Association at Los Angeles, and the triennial convocation of the Knights Templar at Saratoga.

King Edward and Queen Alexandra will start Tuesday for a visit to Wales and Ireland, which will keep them away from England for about a week.

Several events of interest to lovers of sport and athletics are scheduled for the week. The national amateur golf championship will be played over the links of the Euclid Golf club at Cleveland during the five days beginning Tuesday.

The fourth annual tour of the Automobile association of America for the Glidden and Hower trophies will start from Cleveland next Wednesday and will end at New York two weeks later.

The National Rifle association's meeting at Bisley will begin Monday and continue until July 20. The contestants will represent England, Canada, India, Australia, and other portions of the British Empire.

NEW POSTAL RULE EFFECTIVE

Care Must Be Taken to Mark Special Delivery Letters.

The new postal law in regard to special delivery letters, which went into effect on July 1, will greatly facilitate the transmission of this class of mail matter provided it is carried out to the letter, but otherwise the very purpose for which it was made will be defeated.

In the past a letter with ten cents additional placed upon the letter would not cause the letter to be sent "special delivery," but a stamp made especially for the purpose would have to be used. The provision made by the new ruling which permits a letter to go "special delivery" when only ordinary postage stamps are used is as follows:

"On and after July 1, when in addition to the stamps required to transmit any letter or package of mail through the mail, there shall be attached to the envelope or covering ten cents' worth of ordinary stamps of any denomination, with the words 'Special Delivery' written or printed on the envelope or covering, the said package shall be handled, transmitted and delivered in all respects as though it bore a regulation 'special delivery' stamp."

It is absolutely necessary in sending letters by this method to write the words "special delivery" just underneath the stamps. If this is not done it will not be accepted as a "special delivery" letter, but will be referred to the registry division for registration and there will be a delay of many hours. But should it be properly endorsed it will be dispatched immediately.

Senator Pettus is 86 Years Old.
Selma, Ala., July 6.—Senator Edmund W. Pettus, the oldest member of the United States senate, was 86 years old today. Senator Pettus still feels deeply the loss of his venerable friend, colleague and fellow-townsmen, Senator John T. Morgan, who recently passed away. The two had been life-long friends and associates, and Senator Pettus was probably the only intimate friend that Senator Morgan had in the senate.

It is interesting to note that Senator Pettus is not only the oldest member of the senate, but also the oldest man in public life in the United States today. He was born two months after the death of Napoleon, while James Monroe was president of the United States. This was before the admission of Missouri to the union, and only two years after his own state of Alabama was created. He has watched the quadrennial battles of presidential elections sixteen times since he reached his majority, and he has seen the union double in size, from 23 to 46 states.

To Revive Life of Middle Ages.

Berlin, July 6.—At Eisenach there was opened today a notable festival in celebration of the seven hundredth anniversary of the Sangerkrieg on the historical Wartburg and of the birth of St. Elisabeth of Eisenach, a celebration for which the Central States have been preparing for a year past. The festival is to last three days, during which time the life of the middle ages is to be followed out in the closest detail. The inhabitants of the castle will not only be clothed in thirteenth century costumes, but thousands of the inhabitants of Eisenach have agreed to follow the example. The days are to be devoted to contests of song, while the evenings will be given over to popular games and the roasting of oxen. One of the most interesting events will be the procession next Monday, when the townspeople in costume will

march up to the castle, where they will be received by the Grand Duke of Saxe-Weimar and his court.

HER KINDLY ACT REMEMBERED

Woman Who Befriended Another Three Years Ago Receives \$20,000.

Findlay, O., July 5.—Miss Ethel Bish of this city today received \$20,000 from Mrs. Mary M. Kendall of Oswego, N. Y., whom she befriended three years ago in Toledo, O. Mrs. Kendall was injured on the street and Miss Bish saw that she was given proper attention.

Teachers At Los Angeles.

Los Angeles, Cal., July 6.—The vicinity of the Temple Auditorium, which is the headquarters of the fifth anniversary convention of the National Educational Association, was thronged today with teachers from all parts of the country, the advance guard of the great army of educators who will attend the meetings. The convention will begin its sessions Monday and the proceedings will last through the entire week.

The local teachers are prepared to handle the vast crowd in an efficient manner. Members of the reception committee meet every train and direct delegates to headquarters for registration and assignment, or to their rooms if accommodations have been secured in advance. The business section of the city is decked out in bunting and signs bidding the N. E. A. welcome are displayed everywhere. The early arrivals are loud in their praise of the arrangements for handling the visitors and for their entertainment.

Knights Templar at Saratoga.

Saratoga, N. Y., July 6.—Next week Saratoga is to have the honor of entertaining the thirtieth triennial convocation of the grand encampment, Knights Templar of the United States an honor that has not been accorded to any city in the state of New York since the formation of the grand encampment in New York city nearly 100 years ago.

The advance guard of the Knights put in an appearance today and tomorrow the rush of visitors will begin in earnest. The indications are that the attendance will be unusually large. Not only will there be Templars from all over the United States, but they will come from England, Mexico, Hawaii and other distant lands. The competitive drill is always a prominent feature of the encampment programme, and will take place on the celebrated Saratoga race track. The big parade will be held Wednesday and will be reviewed by Governor Hughes and other notables.

To Protect King Edward.

London, July 6.—Extraordinary precautions are being taken for the protection of King Edward on the occasion of his visit next week to Wales and Ireland. Not that the slightest fear is felt of any attempt on the King's life, but during the past year or so the confidence of Englishmen in the safety of railway travel has been considerably shaken. Hence the greatest precautions will be taken to protect the royal train. Previous to the departure of his Majesty a special train will be run over every foot of the ground and every particle of the apparatus of the train and the track will be subjected to the most careful inspection.

Episcopal Church Workers.

North Adams, Mass., July 6.—The fourth summer conference of Episcopal church workers opened here today, to continue until July 21. This conference is held under the auspices of the Seabury Society of New York, an organization named after the first Episcopal bishop in America.

Among the prominent speakers to be heard at the session this year are Bishop Tuttle of Missouri, Bishop Vinton of Western Massachusetts, Bishop Partridge of Japan, Bishop McVickar of Rhode Island, George Foster Peabody, Rev. Dr. William C. Brown of Brazil, Rev. Dr. E. H. Wellman of Brooklyn, and Rev. Dr. Randolph H. McKim of Washington, D. C.

Admiral Reiter Retires.

Washington, D. C., July 6.—Rear Admiral George C. Reiter closed his active career in the navy today, having been transferred to the retired list by operation of the law on account of age. Admiral Reiter comes from Pennsylvania and graduated from the United States naval academy in the class of 1865. He has seen service in many parts of the world, and during the past five years has commanded the battleship Wisconsin and served as a member of the Light-house Board.

To Unveil Schiller Monument.

St. Paul, Minn., July 6.—Arrangements have been completed for interesting ceremonies tomorrow at the unveiling of the Schiller monument erected in Como park by the German societies of St. Paul. Dr. Barth, the distinguished German publicist now visiting this country, is to deliver the oration at the unveiling.

Perhaps nothing goes so far to make or mar the beauty of a woman as the teeth. However pleasing all the other features may be, if her teeth have been neglected and are bad, the whole effect is marred. Do not neglect so important a matter. What may seem trifling now will become serious, if not attended to promptly. If you consult us, you will get sound advice and work done by us will be perfectly and painlessly done.
